Description:

Panic Book is both a set of drawings and an animated video. The circa 2400 drawings are made with ink and charcoal on book pages. The books often come from the family library, and deal with the political and philosophical thought of Yugoslav socialism. The pages then become part of a reconstruction of cult sequences of Hitchcock movies: scenes of fear, panic or escape.

The sequence #10 is made of 10 drawings inspired by the film *Murder!* (1930).
