**Description:**

Uncontained Images is an audio/video installation composed of five different animated films that are unified with one space, which was created by drawing frames of different film sequences. Each sequence is made of drawings on book pages.

The video called *Gun* is inspired by the film "The Big Combo" (1955) and is placed on book pages from "The Social Critique", written by Edward Kardelj, the main ideologue of self-managing socialism.

The gun rises from the coat and returns back just at the moment when it is pointed towards the observer.
