Description:

Born in 1998, Cecile Chaput lives and works in Paris. She graduated from ENSBA in 2012 and is now represented by Under Construction Gallery in Paris. Cecile Chaput's formal process creates installations that evoke disruption, arising and surprises. Split stairs and a mirror displayed on the floor. This points out a new step in Cecile Chaput's work. Until then, the artists was using and transforming formica furniture. Now, clean and ripped forms rule. The staircase is folded up, the reflexion seems uncomplete. A form reveals itself through the looking glass. A new reality.
