Description:
"Uncontained Images" is an audio/video installation composed of five different animated films that are unified with one space, which was created by drawing frames of different film sequences. Each sequence is made of drawings on book pages.
The video with waves is inspired by the film "Clash by Night" (1952). The background of the drawings are pages of "The Collected Works", by Veljko Vlahovic and Edvard Kardelj, two ideologues of self-managing socialism.
