Description:
The series "Corpus" is composed of 10 videos recordings in which Goran Škofic treats his own body. Each video shows a multiplied figure of the author who, in repeating rhythm, performs just one action (workout in the gym, running, applauding in a concert hall).

He deconstructs the body into a naked "corpus" as he titled his work, liberating it of humanization, of bodily weaknesses, like fatigue or mistake. Skofic's character acts in the rhythm of incessantly repeating movements and has no foothold either in the original or in the truth.
