L'Ecume de la Mer, 2020

Louisa Marajo
L'Ecume de la Mer , 2020
graphite on print (Bamboo Hahnemuhle paper 290g)
90x67cm
Unique artwork
courtesy Galerie Dix9 Hélène Lacharmoise

Description:
By referring to her own history, Louisa Marajo analyses a world that is collapsing and translates into an artistic approach where everything mingles and turns into a kind of perpetual chaos. Thus this photograph depicting the Caribbean Sea becomes the field of a graphite drawing where debris from installations in her workshop seem to flow with the foam. Here, two temporalities clash, one real, the other imaginary.
