Description:

The short animated film *Psychopolitics* was drawn on the lithographically printed front pages of the Serbian daily newspaper "Politika" published in 2020. The motifs used for the drawing are footage from the television series "The Twilight Zone" (1954-1964). Selected sequences in close-ups show actors in a state of confusion and panic. The sound composed for the film is performed by a string orchestra and drums that accelerate rhythmically and simultaneously become louder.
