

# GALERIE DIX9 Hélène Lacharmoise

## DIX ANS ! GROUP SHOW

Hélène Lacharmoise is pleased to invite you to the exhibition that celebrates the 10th anniversary of the gallery. This exhibition testifies the engagement of the gallery to represent young artists on the long term, after having often held their first exhibition on the market. It also points out a very personal line that focuses on time, image and identity.

This anniversary could not have been permitted without constant collectors, who support artists as well as the gallery. The exhibition is in a way the result of their choice and brings together works of different natures (photography, video, drawing, painting, sculpture.) It reflects the opening of the gallery to the multiple mediums used in contemporary art. Associating artists from various geographical horizons, this exhibition aims to make these ten years a dialogue around the intuitive links and unsuspected visual affinities that the gallery space allows to highlight.
